## **IMPORTANT**

**Prices subject to change without notice.**

**All stock sold for Cash on Delivery only.**

**We recognize no agreement not written on the original order sent us—nor do we waive any part of the contract printed on our order blank.**

**We cannot promise to deliver or ship orders on any specified date. The seasonal nature of our business prevents it.**

**We replace free of charge when cash is paid for stock on delivery of same and we are notified of loss before September 1st following date of shipment, but we do not replace nor guarantee Evergreens. They are sold at your risk only.**

---

---

## FOREWORD

Born in 1850, we offer you in this our seventy sixth year, one of the most comprehensive lines of nursery stock grown in America.

Naturally customers change as generation succeeds generation, but we are pleased to say we are now selling the descendants of those who bought our product in the early years of our business life.

If you have never planted Greening grown stock, a trial will convince you "there's a reason" why we are still growing.

**The Greening Nursery Co.**  
Monroe, Michigan

# FRUIT STOCK

## GREENING'S SUPER-SELECTED STRAINS

Best of the very best. Selected by our Research Department as explained on pages 20 to 25 of Catalog, to which refer for particulars.

The names in parenthesis, following varieties we can furnish in Super-Selected Strains, are those of the orchard owners who have co-operated with us in our work of bud-selection. In each instance the "parent tree" may be found in the orchard of the individual whose name follows the particular variety.

## HIGHEST QUALITY FRUIT STOCK IN ALL AMERICA

### APPLES

	Each	Ten
XXX 5 feet and up in height.....	\$2.00	\$18.00
XX 4 feet and up in height.....	1.50	13.00
One year whips.....	1.00	9.00

### SUMMER

Early Harvest (Tucker) . . . . . Yellow Transparent (Miller)

### AUTUMN

**PEACHES**

(Cat. 38 to 46)

Our peaches are grown from wild native pits gathered especially for us in the mountains of North Carolina and Tennessee. These are free from peach yellows and "little peach" which are bacteria that can be transmitted by the pit. On these healthy seedlings we bud the desired varieties.

All peaches sold for Fall delivery will be 20 cents each extra over the prices given herein. We do not replace peaches planted in the Fall.

XXX 4 feet and up in height. . . . .	1.00	9.00
XX 3 to 4 feet in height. . . . .	.75	7.00
X 2 to 3 feet in height. . . . .	.60	5.50

(F) Freestone, (S-C) Semi-cling, (W) White, (Y) Yellow.

**SPECIMEN EVERGREENS**

All Evergreens are carefully dug with ball of earth and sewed up in burlap to keep earth intact about the roots. They cannot be transported unless dug with ball of earth.

Our Evergreens are grown in heavy clay soil and not in sand. Our reason for doing this is that when they are dug for shipment the earth clings to the roots and the root system is not disturbed in the process of digging.

Our prices include the cost of boxing, also freight charges to destination and these two points plus the fact that they are dug with ball of earth and carefully sewed up with burlap should be taken into consideration.

**Evergreens Are Not Guaranteed**

If in doubt what shrubs to use for a particular place, our Landscape men will help you. Ask us.

## NEW ROSES

### Souvenir de Claudius Pernet (H. T.) (Cat. 93)

In this rose you have the clear shining yellow color not found in any other rose. Foliage free and vigorous; leaves a bright shining green. Growth strong and sturdy. Free flowering.

Two year strictly No. 1 plants.

Each	Three	Ten
\$2.50	\$5.50	\$22.00

### Golden Emblem (H. T.) (Cat. 91)

Intensely yellow buds and blooms of superb shape, borne freely on erect, branching plants with glossy foliage.

Two year No. 1 plants.

Each	Three	Ten
\$2.50	\$5.50	\$22.00

### Mary Wallace (Hardy Pillar Rose) (Cat. 94)

One of the last and best of the late Dr. Van Fleet's introductions. Hardy. Flowers large, very bright pink illumined with shining gold, double, cup-shaped moderately fragrant. Of splendid vigor—10 to 15 feet high and has superb foliage. Absolutely good two year No. 1 plants.

Each	Three	Ten
\$2.00	\$5.50	\$18.00

## FINEST SCARLET CLIMBING ROSE

### Paul's Scarlet Climber (Cat 94)

Bears intense scarlet flowers of good shape in small trusses covering the plant with blazing color for several weeks and which fades but very little.

Two year No. 1 plants.

Each	Three	Ten
\$1.50	\$4.25	\$13.00

## THE BEST BABY RAMBLER

### F. J. Grootendorst (Cat. 93)

A red Baby Rambler which will not bleach and blooms all summer. Of rugosa parentage the foliage is a beautiful dark green. Valuable for hedge or for specimens. Flowers orange red produced in clusters.

Two year No. 1 plants.

Each	Three	Ten
\$1.50	\$4.25	\$13.00

**Hugonis Rose (Cat. 97)**

Rosa Hugonis, commonly known as the "Golden Rose of China" blooms three weeks earlier than most roses and is especially fine for specimen planting. Every branch of the previous year's growth becomes lined on both sides to the very tip with closely set, wide-open, single flowers, like dainty yellow hollyhocks. The flowers are delicate crepe-like and a golden yellow. Very desirable as specimens.

Two year strictly No. 1 plants.

Each	Three	Ten
\$2.00	\$5.50	\$18.00

---

## ROSES

Our roses are all two year, strictly No. 1 Field Grown Plants.

**HYBRID PERPETUAL ROSES**

(Cat. 89-90)

This class of rose is hardy and gives a wealth of bloom in June and sometimes a few in September.

Each	Three	Ten
\$1.25	\$3.50	\$11.00

---

When you see flowers and trees about a house you know SOMEBODY lives there.

## HYBRID TEA ROSES

(Cat. 91-93)

The roses in this class and those listed with them bloom constantly from June until frost. But they are not hardy and must be protected in winter. For full directions of how to plant, grow and care for, send fifty cents in stamps for Greening's Book of Horticulture.

Reg. Trade Mark

## **ABOUT OUR REGISTERED TRADE MARK AND DISHONEST COMPETITORS**

Our Trade Mark shown below is placed on every bundle and bale of trees leaving our nursery. This is done that protection may be given to all our customers, and is our guarantee that each tree, shrub or plant, from the time of propagation to the time it is shipped, has had the care necessary to its best growth.

We cannot stamp our name on our products, but we securely attach our Trade Mark thereon, which will protect you against unscrupulous agents and dealers who claim their stock comes from our nursery.

As our salesman you will carry credentials and can prove you represent us.

Reg. Trade Mark

## OUR GUARANTEE

**WE GUARANTEE ALL STOCK TO BE TRUE TO NAME.** We exercise the greatest care to have our stock true to label. Should it occur however, that some stock proves untrue, we will cheerfully replace all such stock, or refund the money paid, after receiving satisfactory proof thereof. It is mutually agreed however, between the purchaser and the party contracting, that we shall not be held liable for damages in such case, further than the replacing of said stock, or refunding the money paid for same.
